

YZF ^{Stig} 750

The formidable Fast Orange Team had an outstanding 1993 season with the new YZF750. Success in both the major 750cc British Championships and their exciting excursions into the World Superbike Series has kept Yamaha at the forefront of racing technology.

Team combination of Rob McElnea and James Whitham led to a convincing double with James winning the British TT/Superbike Championship along with the H.E.A.T. 750cc Supercup series.
